On behalf of the Bergeron and Julien families I want to thank all the Officers, Firefighters and Support Staff of the Waltham Fire Department for the tremendous outpouring of support shown in what was truly a tragic, unexpected time for these two families.

The tremendous respect and honor shown to our fallen brother; Firefighter Robert Bergeron, was in the finest traditions of this department and the fire service as a whole.

I have a tremendous amount of pride for what you displayed in those difficult days. It was indeed one of the finer moments for this department that I have witnessed in thirty-five years.

Your compassion and support will truly be a source of strength for Bobby's family as they move forward in the coming weeks and months.

Sincerely,

Richard Cardillo
Chief of Department
